KASU ISTIKA

AN EDITION OF ONE ADDRESS
MOIRA, GOA

Life at Istika begins with the River Moira. Its constant presence shapes how you live, move, and unwind — from slow mornings by the water to evenings that unfold along its edge.

Set in Moira, where privacy meets connectivity, Istika is part of a rare residential fabric known for its character and calm, yet within easy reach of Goa's key destinations. Here, a single home is conceived as a living sculpture of vault, an architecture that responds to light, frames the landscape, and creates a seamless dialogue between built form and nature.

Held within the Kasu ecosystem, Istika offers not just design and location, but ease of living — through thoughtful maintenance, consistent standards, and long-term care.

There is only one Istika. A home where land, design, and lifestyle align in a way few ever will. Not made for everyone — but for the one who understands the value of owning something truly singular.

A PRIVATE ADDRESS IN A NEIGHBOURHOOD ON THE RISE

Moira, meaning peacock, is one of North Goa's most sought-after village, valued by flora, fauna, and discerning residents alike. Quietly upmarket, it is defined by lush greenery, backwaters, and heritage Portuguese homes, offering a setting that feels quaint yet well connected.

As you move through Moira, the landscape unfolds gently, past paddy fields, along river edges, and across quaint bridges, creating a sense of arrival that is increasingly rare in Goa today. Its low-rise fabric and close-knit community preserve a privacy and calm that cannot be manufactured.

Well connected yet removed from the intensity of the coast, Moira offers a quieter, more enduring expression of Goa, one that continues to attract those seeking discretion, beauty, and a more meaningful pace of living.
